ABOUT

I am currently studying Computer Science in the Faculty of Science and Technology. I have skill in web design using Figma and front-end web development with HTML, CSS, and JavaScript. I enjoy creating user-friendly and responsive interfaces and am eager to learn new technologies.

PROJECTS

Mywebsite | 2024
Personal Portfolio Website
- Developed a personal portfolio website showcasing my skills and projects using HTML, CSS, and JavaScript. Designed the layout to be responsive and user-friendly to highlight my technical abilities and achievements.

ToDoList | 2024
Task Management Web Application
- Built a task management web app using React and Tailwind CSS, providing users with the ability to add, delete, and manage tasks efficiently. Focused on creating an intuitive UI/UX with dynamic state management and a clean, modern design.

class work: cleanfooditem | 2023
Food List Website for Convenience Stores
- Created a website listing healthy food options available in convenience stores, using Bootstrap

SKILL

- HTML
- CSS
- Javascript
- Bootstrap
- React
- Tailwind
